

Off-Highway

Not many industries can be as harsh and challenging as off-highway and construction vehicles and the environments in which they operate. Here at Albert Jagger, we have the experience and expertise to supply and manufacture only the best construction and off-highway vehicle components to keep your vehicle operating.

At Albert Jagger, we only use the highest quality materials and manufacturing processes to ensure that our products can be relied on. Working closely with our strategic partners we also make sure that our customers only receive the best products from the biggest brands around the world.

Supply Without Compromise

Transport Hardware

Door Fittings

Door fitting hardware on off-highway vehicles ensures operator safety, efficient functionality, and ease of access. The fittings contribute to efficient operations by providing secure closures in demanding work environments.

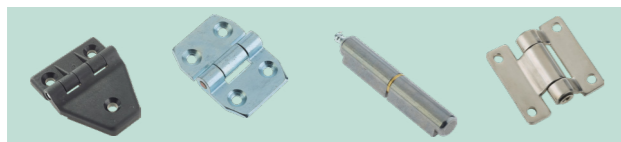

Door Latches

Door latches provide crucial safety by securely fastening doors during operation. They prevent accidental opening, ensuring operator protection and uninterrupted performance in various work conditions.

Door Retainers

Door retainers offer reliable door control, enhancing safety by preventing doors from swinging open unexpectedly during operation. They ensure secure and efficient equipment functionality.

Hinges

Hinges facilitate smooth door movement, enabling easy access and efficient maintenance. They ensure robust connections, contributing to safe and reliable operation in demanding construction environments.

Lighting

Lighting is integral for safe and productive operations in low-light conditions. They enhance visibility, prevent accidents, and support precision work, ensuring optimal performance and operator well-being.

Off-Highway

Construction sites and environments such as quarries present a lot of hazards and areas of danger so it is important that all parts of the vehicle are able to withstand the harsh surroundings.

Albert Jagger understands that our products provide some of the vital safety and security aspects of any vehicle. Parts such as the lights, hinges, locks and latches are paramount to the safety of the end-users and parts of the highest quality give peace of mind to our customers.

All of the products that we supply and manufacture are built to last and where applicable conform to the latest legislation. They are able to withstand the elements, strong vibrations and heavy lifting so they are able to perform their tasks without fail.

Pull Handles

Pull handles offer ergonomic access to compartments and controls, enhancing operator convenience. Their durable design ensures reliable functionality, contributing to efficient operations and operator comfort in demanding environments.

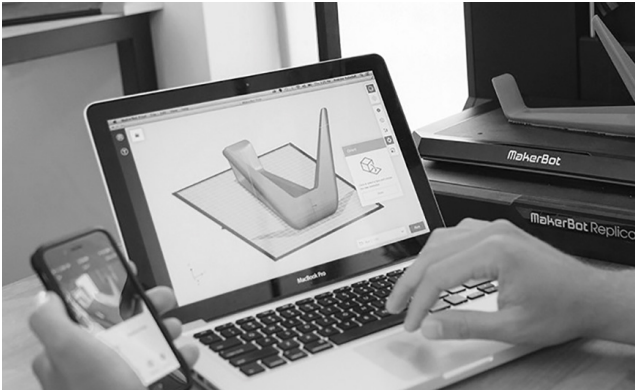

Sealing Profiles

Sealing profiles on off-highway vehicles provide essential protection against dust, debris, and moisture. They create reliable barriers, preventing environmental elements from compromising equipment performance and ensuring longevity in rugged operational settings.

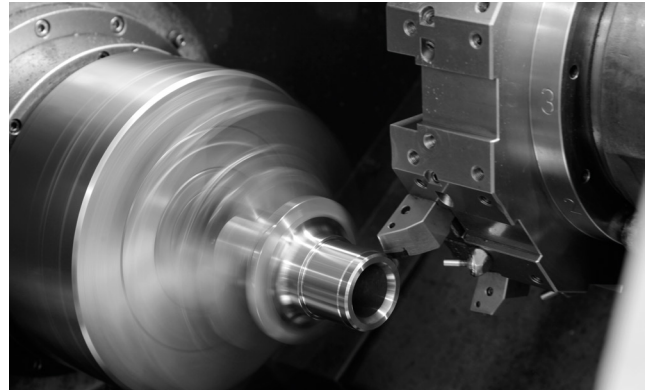

Supply Without Compromise

Design & Rapid Prototyping

To strive to be the best is just part of our ethos at Albert Jagger, we use the latest technologies to aid our designers so that we can develop the next generation of hardware and components. We use rapid prototyping so that we can see our developing designs and improve on them.

Manufacturing

As part of the process to ensure that we supply our customers with flexibility, versatility and diversity we have our own in-house manufacturing department. As the market leaders in our industry, we don't just supply parts, we design and manufacture them too.

ISO 9001 Quality

We at Albert Jagger Limited recognise the need to focus on customer satisfaction and that means not only meeting their expectations but exceeding them. One of our key objectives is to continually strive to improve quality of both product and service. To achieve this we maintain quality management system compliant with ISO 9001: 2015.

Customer Service

Our future depends on the success of our customers that is why we like to take a long term view to building relationships whilst delivering an unrivalled service and inspiring trust and confidence. With 130 years of history, we wouldn't be in the position we are if we hadn't looked after and listened to our customers.

Head Office

Centaur Works, Green Lane,
Walsall, West Midlands,
