

Horseboxes

FROM 3.5 TON APPLICATIONS

With 135 year's experience supplying vehicle hardware, Albert Jagger's relationship with the horsebox sector spans over the years. We work with leading designers and engineers to provide our customers with an unbeatable range of products that enhance the safety, usability, and efficiency of their horsebox.

From building a new vehicle to sourcing replacement parts, you'll find everything you need with our wide range of quality horsebox fittings and components. All our products are designed to ensure quality and reliability, with the well-being, safety and comfort of both horse and driver at the forefront.

Supply Without Compromise

Transport Hardware

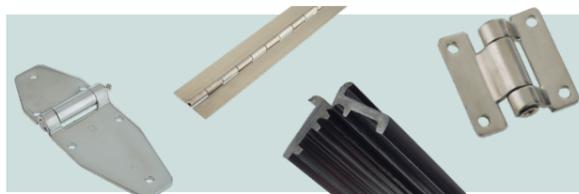

Camera Systems

We provide a comprehensive range of products to maximise efficiency and safety of vehicles. Improving visibility, from reversing aids to cameras, these systems ensure safety of both the passenger and horses is not compromised.

Ironwork

A diverse range of high-quality, reliable ironwork is crucial to any horsebox build. We pride ourselves in being vehicle hardware market leaders and work hard to keep our range up to date with the constant drive for improvement by our customers.

Hinges

From continuous hinges to non-metallic, we have a range of hinges suitable for both the interior and exterior of your horsebox. We know exactly how important it is to supply top quality hinges with a range of finishes including zinc plated and stainless steel.

Locks & Latches

We stock a large range of interior and exterior door locks and latches for the horsebox industry. From traditional budget locks to modernised compression latches, securing doors and lockers whilst on the move has never been easier.

Lighting

Unsurpassed for quality and reliability all LED lighting products come with either 3-year, 5 year or lifetime warranties, and are ECE/EMC compliant. Can be supplied with Certificates of Conformity to support Whole Vehicle Type Approval legislation.

Horseboxes

FROM 3.5 TON APPLICATIONS

Our diverse range of hardware is suitable for a wide range of vehicles and can regularly be seen on horseboxes of all sizes. Our parts are critical to the safe and efficient day-to-day running of thousands of vehicles and our products can be relied upon to provide excellent value for money.

Over the years of our history with horsebox manufacturers, we have developed a deep understanding of the industry and we have thousands of products suited for interior and exterior use.

Handles

We stock an extensive range of high quality, interior and exterior handles for horseboxes. Designed to secure horseboxes, our range consists of grab handles and T-handles, available in different sizes and finishes to meet horsebox requirements.

Adhesives, Sealants & Tapes

No project is complete without the use of industry-standard adhesives, sealant and tapes. We can provide an extensive range of polyurethanes, silicones, MS polymers and tapes to withstand the stresses of horsebox applications for panel and window bonding.

Gas Springs

Working closely with Bansbach, we are able to supply a diverse range of gas springs of the highest quality through CeramPro treated piston rods. From use on doors, to assisting ramps, we can offer off-the-shelf products to bespoke solutions.

Rubber Buffers

We stock many styles of rubber buffers including round and square buffers, for use in many applications from horsebox ramps to doors. Our range of buffers are easy to install and prevent damage to the vehicle against any harsh impact.

Ventilators

Prioritising the well-being of horses whilst on the move is key to any horsebox build. By dissipating hot, stale and moisture filled air, our range of ventilators allow fresh air into the horse transportation area, improving the air quality.

Door Retainers

Our wide range of door retainers include everything from claw to bar retainers in a variety of materials including stainless steel and plastic. Designed to hold doors firmly in place, we know we can deliver our promise to supply only the highest quality products.

Sealing Profiles

From door seal to edge trim, our range of sealing profile offer protection from sharp edges on panels and doors to prevent damage or injuries. Profiles ensure watertight seals, reduce noise, and prevent wear and tear resulting from vibration.

Safety Equipment

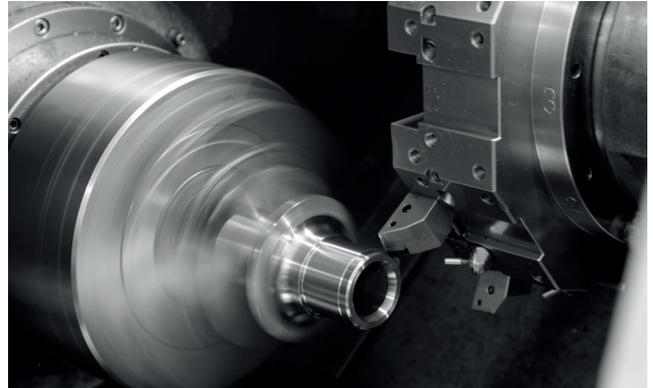

With products including first aid kits, fire extinguishers, hygiene kits and ECE 104 Class C reflective tape, we offer a diverse range of safety and welfare products to ensure those involved in the transportation of horses are protected.

Supply Without Compromise

Design & Rapid Prototyping

To strive to be the best is just part of our ethos at Albert Jagger, we use the latest technologies to aid our designers so that we can develop the next generation of hardware and components. We use rapid prototyping so that we can see our developing designs and improve on them.

Manufacturing

As part of the process to ensure that we supply our customers with flexibility, versatility and diversity we have our own in-house manufacturing department. As the market leaders in our industry, we don't just supply parts, we design and manufacture them too.

ISO 9001 Quality

We at Albert Jagger Limited recognise the need to focus on customer satisfaction and that means not only meeting their expectations but exceeding them. One of our key objectives is to continually strive to improve quality of both product and service. To achieve this we maintain quality management system compliant with ISO 9001: 2015.

Customer Service

Our future depends on the success of our customers that is why we like to take a long term view to building relationships whilst delivering an unrivalled service and inspiring trust and confidence. With 130 years of history, we wouldn't be in the position we are if we hadn't looked after and listened to our customers.
