86015102	XXL-CAP KIT FOR M2 XL BASE MODULE	Upgrade Kit which fits on Kockon Mach II base module. The kit is composed of a extra-extra low thermoplastic cap mounting ring which fixes using 4 screws (supplied with kit) and a dedicated gasket which seats the cap mounting ring onto the upper plate of the Kockon. Includes a low profile locking cap with automotive type 2 point bayone mount, without lock.	
784515101	UNI-CAP KIT FOR M2 BASE MODULE	Upgrade kit for Kockon Mach II base modules. Consists of an aluminium high profile cap mounting ring and o ring seal for seating onto the upper plate of the Kockon base module. Made to allow use of the majority of original vehicle fuel caps which would normally not fit on Mach II Kockons due to their height.	1
784516200	BE4P KIT FOR M2 BASE MODULE	Upgrade Kit which fits on Kockon Mach II base module. The kit is composed of an aluminium 4 point bayonet cap mounting ring which fixes using 4 screws (supplied with kit) and an o-ring which seats the cap mounting ring onto the upper plate of the Kockon. It allows use of the original die cast bayonet cap.	
786010010	ZIP SAFETY CAP UPGRADE KIT	Upgrade kit for Kockon Mach II base modules. Consists of a self closing ventilated fuel cap without lock which can be fitted through a rapid mounting procedure by the end user without having to remove the Kockon from its installed position.	I
786010011	ZIP LOCK SAFETY CAP UPGRADE KIT	Upgrade kit for Kockon Mach II base modules. Consists of a self closing ventilated fuel cap with lock which can be fitted through a rapid mounting procedure by the end user without having to remove the Kockon from its installed position.	I
786010019	ZIPPER WIRED UPGRADE KIT	Upgrade kit for Kockon Mach II base modules. Consists of a self closing ventilated fuel cap with a built in electronic activation switch and wire connection which can be used to trigger events upon fuel cap opening. Can be fitted through a rapid mounting procedure by the end user without having to remove the Kockon from its installed position.	
86010020	ZIPPER LOCK WIRED UPGRADE KIT	Upgrade kit for Kockon Mach II base modules. Consists of a self closing ventilated fuel cap with lock with a built in electronic activation switch and wire connection which can be used to trigger events upon fuel cap opening. Can be fitted through a rapid mounting procedure by the end user without having to remove the Kockon from its installed position.)
786010029	ZIPPER WIRELESS UPGRADE KIT	Upgrade kit for Kockon Mach II base modules. Consists of a self closing ventilated fuel cap without lock with a built in electronic activation switch and wireless transmitter which can be used to trigger events upon fuel cap opening. Includes its own receiver unit and buzzer which warns the vehicle cabin occupant of cap opening. Can be fitted through a rapid mounting procedure by the end user without having to remove the Kockon from its installed position. Must be purchased with one of the possible receiver unit options: 077351003 SMS ALERT UNIT FOR ZIPPER WIRELESS or 077351004 RECEIVER UNIT FOR ZIPPER WIRELESS	h
786010030	ZIPPER LOCK WIRELESS UPGRADE KIT	Upgrade kit for Kockon Mach II base modules. Consists of a self closing ventilated fuel cap with lock with a built in electronic activation switch and wireless transmitter which can be used to trigger events upon fuel cap opening. Includes its own receiver unit and buzzer which warns the vehicle cabin occupant of cap opening. Can be fitted through a rapid mounting procedure by the end user without having to remove the Kockon from its installed position. Must be purchased with one of the possible receiver unit options: 077351003 SMS ALERT UNIT FOR ZIPPER WIRELESS 077351004 RECEIVER UNIT FOR ZIPPER WIRELESS	9
054501012	GENESIS UNIVERSAL MOUNTING TOOL	Tool to assist installation of Kockon products	
051001122	Antireflux valve extraction tool for Scania tanks	Tool needed to extract the valve which is lodged in the tank neck before fitting anti siphon device to tank
